Greetings to guests and participants in this year's Shades of Green week!

I would like to extend a very special thank you to this year's event Sponsors! Your interest and commitment to advancing green initiatives is admirable and welcome.

I am glad that so many of you are interested in "going green" and learning about what's available to you as an individual and as a consumer. I encourage you to attend as many of this week's activities as possible to learn how corporate and government entities are focusing more and more on the stewardship of our planet by making changes and improvements in products and procedures. It's a joint effort and we can all make a difference by the choices we make.

Please enjoy Shades of Green week!

Sincerely,

Matthew Liao-Troth, Dean
