

**Georgia College & State University
Veterans Extended Certification**

Statement of Intent

Georgia College & State University gives undergraduate and graduate students the option of being certified over an extended period of time. The advantage to this is the stability of payment (no interruptions between terms), but the *Confirmation of Certification for Educational Benefits* must still be completed each term. This applies to students enrolled at all Georgia College & State University locations.

The requirements for your opting to take advantage of the extended certification are given below.

1. Must have met all Georgia College & State University admissions requirements, including the evaluation of prior training transfer credit. Graduate students must be accepted into their program by the end of the second quarter. Provisional graduate students can be certified for only two quarters prior to meeting all requirements for regular admission.
2. Must commit to attend consecutive semesters throughout the 2-semester period.
3. Must enroll in a course load of at least half time.
4. Must maintain the number of hours for which initially certified. A course reduction will reduce the coverage for the remaining time. In case of **withdrawal** from all courses, the benefits will be terminated. Recertification will be required to resume the benefits.
5. Must not be on active duty.
6. Independent study courses must be approved by the state approving agency before certification. This does not apply to individual instruction of regular courses.

You must complete a Georgia College & State University confirmation of certification for Educational Benefits form (Course Data Sheet) at registration every semester.

I hereby certify that I have read and understand the above stipulations. I qualify for and do desire to participate in the extended certification option and hereon indicate the number of course hours for each semester.

	UNDERGRADUATE			GRADUATE		
SEMESTER	Summer	Fall	Spring	Summer	Fall	Spring
