1. Click on the Start Menu and type "region", then click "Region and Language"
2. Select "Keyboards and Languages"
3. Select "Change keyboards..."
4. Choose "Add..."
5. Scroll down to English and then select "United States-International" and select ‘OK’.
6. Now select "Language bar"

The Language Bar allows you to select the International Keyboard when you are in different applications.
7. Choice: Floating on Desktop
8. Choice: Docked in the taskbar
