

# WORLD LANGUAGES

## Major in World Languages

The Department provides students with a solid liberal arts education that becomes the foundation for personal and professional growth over a lifetime. Our curriculum is designed to give students ample opportunities to develop linguistic proficiency and intercultural competence in one or more languages and cultures. We offer one Degree with concentrations in both French and Spanish, and additional classes in German and Italian.

Our faculty develop close working relationships with their students, creating fun, vibrant, and welcoming classroom environments in which students feel comfortable taking risks, making mistakes, and pushing themselves to grow as speakers and to deepen their understanding of other cultures and world views.

Students have opportunities to apply their skills outside of the classroom, through study abroad, tele tandem exchanges with native speakers, service-learning opportunities in Milledgeville and beyond, faculty mentored research, participation in the French and Spanish clubs, conversation tables, community outreach programs, and peer tutoring with a state-of-the art Language Resource Center.
