

Your FUTURE Starts with a **handshake** - Student User Guide

Complete/Update Your Profile & Upload Your Resume

1. Login to Handshake with your Unify/PAWS credentials at gcsu.joinhandshake.com.
2. You will be prompted to complete your profile. Some information may already be populated.
3. Update or add more information to your profile in the My Profile option under the menu with your name. You can add job experiences, organizations/extracurricular, and other information from your resume or LinkedIn profile. Add skills, projects, photo, and social links if you want them viewed by employers.
4. Upload your resume by clicking the "Upload Resume" button from your profile and Handshake will automatically complete your education, work experiences, and skills sections. You can also upload resumes and other documents in the Documents option under the menu with your name. *The Career Center will review your resume in order for it to be viewable for employers and available for use for job/internship applications and interviews. This may take up to 24 hours.
5. On your profile, click on Make Profile Public if you want employers to be able to search for you or message you about jobs/internship opportunities. Click "Make Profile Private" to turn this feature off.

Update Your Career Interests

Handshake recommends jobs, internships, events, and articles that actually interest you if you complete your career interests.

1. Click on the menu with your name and choose "Career Interests".
2. Complete the options and click "Save My Career Interests"
3. Update your Career Interests whenever you have a new career goal or interest.
