

Strategic Planning Steering Committee Meeting

May 16, 2019

Atkinson 202

At this meeting, the Steering Committee discussed its draft 2018 annual report on strategic planning—which consists of a brief narrative report and a strategic plan spreadsheet with four new columns: Findings, Met/Not Met, Interpretation/Next Steps, and Recommendations to Cabinet. Committee members had been asked to review these materials prior to the meeting and come to the meeting with any suggestions. Committee members who could not attend the meeting were asked to email their thoughts to chair Mark Pelton.

The committee discussed the spreadsheet and narrative reports and made a few small recommendations. Approval was given for Mark to make those changes and submit the revised reports to President Dorman and Executive Cabinet.

As was decided at the April meeting, after a very active year, the Steering Committee will take a break from strategic planning meetings during June and July. The committee's next meeting will be 2 p.m. on August 15, 2019 in Atkinson 202.
