

### **Program Description**

The Provost's Visiting Scholars Program, funded by the Office of the Provost, is intended to enrich the learning experiences of faculty and students within the context of an academic department/school. The initiative will allow academic departments/schools to invite domestic scholars for a week-long visit (Sunday to Friday). The Provost's Visiting Scholars Program will be a competitive, application-based program and will provide faculty and students an opportunity to engage with experts within its residency format.

### **Expectation**

Each Provost Visiting Scholar will contribute to the life of the academic department and enrich the student experience. The expectation is for the scholar to contribute in a myriad of ways, such as lecturing in specific classes, attending departmental events, giving a talk on their area of expertise, meeting with students, etc. While not required, the Honors College would be happy to host scholars as part of its co-curricular lunch & dinner seminar series.
