Call to Order

Approval of Agenda

Action Items:

- Data Science – Modify Existing Major - unanimous approval
- Computer Science – Modify Existing Major - unanimous approval
- Computer Science Undergraduate Certificate (Embedded Endorsement) - unanimous approval – Note: 1) Verification of collaboration between College of Education and Computer Sciences will be sent to the Provost Office for acknowledgement. 2) No federal aid is available for students to complete the certificate.
- Teacher Preparation Concentration – History – Communication/collaboration between History and College of Education was suggested in order to revise the proposal and resubmit for review in the fall 2022. Elements for consideration are the focus in the title on teacher education; teaching faculty who are SACS qualified to teach HIST 4930 The Art and Craft of Teaching History; field components to support teacher preparation; and the implications for Middle Grades and Secondary programs in the College of Education. The representatives of the program will consult Shannon Gardner for resubmission guidelines.
- Forensic Chemistry Certificate - unanimous approval

Information Items:

College of Arts & Sciences
