

Economics, Bachelor of Science

2022-2023 Catalog

Academic Advising Center

2nd Floor Lanier Hall 478-445-2361 advising@gcsu.edu

The recommended four-year plan is designed to provide a blueprint for students to complete their degrees within four years. These plans include the recommended sequences of courses. Indiviual plans will vary based on previously earned credit such as Dual Enrollment and AP credit as well as student's academic goals. Students will work with an Academic Advisor to develop a more individualized plan to complete their degree.

The GC Journeys Program will transform your way of thinking and experiencing college. By participating in five inside and outside the classroom transformative experiences during your time at Georgia College, you will step outside of your usual surroundings, gain authentic experiences, solve problems, become a leader, participate in real-world settings and put ideas into action.

All students will complete the First-Year Experience, Career Planning Milestones, and a Capstone course in your major. Students will choose two additional experiences from: Intensive Leadership Experiences, Mentored Undergraduate Research, Community-Based Engaged Learning, Internships, and Study Abroad/Study Away.

This recommended Four-Year Plan is applicable to students admitted during the 2022-2023 academic year.

Total Credits Required: 120 credits

Notes:

Required for Graduation: 2.0 overall GPA and 2.5 ecomics course GPA.

GC2Y 2000 must be taken between 30-59 earned hours.

Courses requiring a C or better are denoted with asterisk (*), ie. ENGL 1101*. Courses requiring a C or better as a pre-req to another course are denoted with a double asterisk (**), ie. MATH 1113**.

Legend is available on the last page of this document.
