Classes that do not meet during the established meeting times should hold their final exam at the class time that most closely matches the start and end times for their class. For example, a class meeting on Mondays and Wednesdays from 9:30-10:45 a.m. could use the 9 a.m. MWF or the 10 a.m. MWF final time, because it would be impossible for a student in that class to have another final at that same time period.

The final exam schedule may not be changed without the approval of the faculty member's department chair and college dean. Instructors who need longer periods in which to give their final exams should contact their chair and dean and request to use the Saturday between finals for this

purpose. These changes must be approved in advance and posted in the instructor's syllabus. Instructors who receive approval to change their final time should also consult department staff to ensure that classroom space is available.

Students with exam conflicts or three scheduled exams on the same day may request substitute final times from their instructors. To do so, the student must contact their instructors at least 14 calendar days in advance of the exam day.

Students should consult their class syllabus to confirm the time of their final exam.
