

MURACE Poster Presentation Guidelines

- 1 What is a Poster?**
Posters are static, visual material (usually printed on a board or on paper) which students use to communicate their research.
- 2 Should I be present to show my poster?**
Yes, students must be present during their poster presentation to answer questions and provide insight.
- 3 How big should my poster be?**
Posters must be landscape or portrait, 48" x 36" (one PowerPoint slide) or under.
- 4 What is the difference between a poster and a Paper Presentation?**
During a poster presentation, the student should let the poster do the talking. The material on the poster should convey the essence of the message.
- 5 How long should my presentation be?**
Poster presentations should be around 2–3 minutes.
