Data Conversation-GACE Pass rates: What do you notice?

- Where are the largest gaps between state and program performance?
- What patterns stand out across induction vs professional pass rates?
- Which programs consistently outperform the state?
- Are there programmatic factors (course sequence, test prep, field placement) influencing outcomes?
- Are certain content areas consistently challenging for candidates?
- What surprises you in the data?

Program Impact- Discussion

1. How are GCSU completers performing in the schools?
2. How is this COE helping to meet your school's/district's specific staffing needs?
3. Historically, what tends to be the retention rate of GCSU completers in your school/district?
4. Are candidates from the JHL COE in your district obtaining advanced degrees and transitioning into advanced roles?
5. What are some possible ways that we can engage with your school, district or community in the "spirit" of collaboration?

Closing: Take aways

- One question that you still have
- One thing that you have learned
- One thing to do right away

Thank you for coming !!!!!
