

Curriculum Committee Minutes
October, 2018

Due to a conflict of schedules, the October meeting of the Curriculum Committee was held online and through email. For this meeting we:

- Reviewed our Bylaws and submitted them for approval
- Reviewed a proposal from Middle Grades regarding their online MAT program
 - The proposal included modifications for 4 classes
 - Hours were reduced to make room for the EDIT 5202 Technology Integration class
 - The committee found no issues with the proposal and moved it forward to the COE for review before the next faculty meeting
