

# A NOTE FOR NEW FRESHMEN

about the beginning of fall semester

## GCREADS

### **What is GCReads?**

GCReads is the First-Year Reading Program for incoming students at Georgia College. Students will select from a collection of 15 interesting, enjoyable, and thought-provoking essays which address current issues and affirm the values of Georgia College.

### **What should I do now?**

Start reading selected essays at <http://libguides.gcsu.edu/GCReads> to find an essay that is interesting to you. Once you select your essay register for a seminar time, spaces for each seminar are capped at 25 students.

### **When will we discuss these essays?**

Arrive on campus during Week of Welcome prepared to discuss your essay with a small group of first-year students in a faculty-led micro-seminar. In your micro-seminar, a GC faculty member will lead an engaging discussion and outline the expectations for students in a college seminar.
