Your Student Aid Report (SAR) contained a message stating that you had a previous federal student loan discharged due to a total and permanent disability. We must collect a statement from your physician affirming that you are physically able to attend school and are able to obtain gainful employment in order to repay any future student loans.

In order to receive any additional financial aid, you must sign and date the following statement, attach your physician's statement, and return both to the Financial Aid Office.

By signing this statement, I acknowledge that any student loans I receive cannot be discharged in the future on the basis of any impairment present when the new loan is made, unless that impairment substantially deteriorates.
