

The recommended four-year plan is designed to provide a blueprint for students to complete their degrees within four years. These plans are the recommended sequences of courses. Students will work with their Academic Advisor to develop a more individualized plan to complete their degree.

The GC Journeys Program will transform your way of thinking and experiencing college. By participating in five inside and outside the classroom transformative experiences during your time at Georgia College, you will step outside of your usual surroundings, gain authentic experiences, solve problems, become a leader, participate in real-world settings and put ideas into action. Examples of ways to incorporate your GC Journeys options are shared in the plan below.

This recommended Four-Year Plan is applicable to students admitted during the 2020-2021 academic year.

Total Credits Required: 120 credits

Required GPA for Graduation: 2.0 institutional GPA (All major courses require a C or better)

Students will be Undeclared: Pre-Nursing Track students until they apply and are accepted into the Nursing Cohort.

Legend is available on the last page of this document.

Year 1											
Semester 1				Semester 2				Summer			
Course	Title	Hours	Area	Course	Title	Hours	Area	GC Journeys: Many Core courses can be taken through Summer Study Abroad programs.			
ENGL 1101	English Composition I	3	A1	ENGL 1102	English Composition II	3	A1	Notes
