

**GEORGIA COLLEGE & STATE UNIVERSITY
DEGREE PROGRAM and CURRICULUM CHANGES PROPOSAL COVER SHEET**

PROPOSAL: Changes to Minor in Public Health	
COLLEGE: Health Sciences	DEPARTMENT: Health & Human Performance
DEGREE:	CIP CODE: 512208
MAJOR:	MINOR: Public Health
CONCENTRATION NAME:	PROPOSED EFFECTIVE DATE: (semester/year) : Fall 2018
<p>Description and Rationale for Recommended Action (attach additional pages if needed, this description will be shared at all levels in the University, and the University System and SACS Offices):</p> <p>With the recent approval of the name change from a Minor in Community Health to a minor in Public Health, we are proposing to align the minor more strategically and purposely with the Public Health content. The total credit hours needed for the minor will remain the same (15). We propose to transition two of the elective course options to required courses (KINS 3333 & KINS 3353) and add a new required course (KINS 4353). We are also proposing to remove the KINS 2303 course from the required courses and remove the KINS 4303 from the elective course options. This will leave the PH minor with 12 credit hours of required courses and 12 credit hours of elective course options – with students choosing one course from the list of four.</p>	

Action Item (Check one.)

- New Major, Minor, Certificate, or Concentration
- Rename Major, Minor, Certificate, or Concentration
- Deactivate/Discontinue Major, Minor, Certificate, or Concentration
- New Degree or Graduation Requirement
- General Education Requirement or Change
- Curricular Change that Impacts Multiple Colleges
- Modify Existing Major, Minor, Certificate, Concentration Requirements

All required documentation must be attached. (Electronic MS Word files with supporting documents are required at each level of review)
