2. Action Items:

Change of Program of Study – BS in Special Education and New Course Proposal

Dr. Wills spoke on the need for a summer course because the K-12 school year is starting earlier and earlier. He stressed the crucialness of setting the classroom climate at the beginning of the semester. There was a one-hour course for preplanning, but this is now a three-credit hour graded course. Student teaching is now nine hours, but is now being moved to 6 hours to help align the program with the rest of its department (Early Childhood and Middle Grades).
