Modification of Certificate in Geographic Information Science

Motioned: Karlis, Seconded: de Posada, 10-0.

Dr. Oetter and Dr. Mackinnon discussed the changes that were necessary to bring the Certificate in Geographic Information Science up to date. The certificate was designed to add a skill set for students by using geographic information to help explain the world around them. It applies to other areas in the college and will likely add interdisciplinary students. Oetter reported at least four students are graduating with this.
