

**Physics Scholar Application**  
**Department of Chemistry, Physics and Astronomy**  
**Georgia College & State University**

Dear Physics Major,

Please answer the following questions to inform the faculty of your interests and abilities in relation to the Physics Scholar program. The Scholar program is intended to provide a rich environment to explore the fields of physics and astronomy with a mentor and research advisor. The program may also provide opportunities to work with a team of students and funding for travel to professional conferences.

**Student:**

Last Name \_\_\_\_\_ First Name \_\_\_\_\_

Please choose two professors as your preferences for research advisor in the Physics Scholar Program.

**1<sup>st</sup> Preference** \_\_\_\_\_

**2<sup>nd</sup> Preference** \_\_\_\_\_

**1. How will your study of physics and astronomy contribute to your immediate or long range career plans?**

**2. Please explain your interest in the chosen programs of research.**

**3. In what ways do you believe you can contribute to the working groups supervised by your advisor preferences?**
