*Let history be your backdrop*

Completed in 1839, Georgia's Old Governor's Mansion is one of the finest examples of High Greek Revival architecture in the nation. The Mansion looms over Milledgeville with its state-ly columns and imposing facade. Serving as the residence for Georgia's chief executives for over thirty years, the Mansion's history encompasses the antebellum, Civil War, and early Reconstruction phases of the state's history. Georgia's Old Governor's Mansion was designated a National Historic Landmark in 1973.
