Resolving Common Holds During Registration

Holds may be placed on students for various reasons including payment issues, incomplete paperwork, failure to return materials or supplies, or failure to complete a requirement. Holds typically prevent registration, transcript processing as well as receipt of diploma.

**Holds can affect various areas including, but not limited to:**

**Registration:** A hold on a student’s records may prevent the student from registering for classes that semester.

**Transcripts:** A hold on a student’s records may prevent the processing of student’s transcripts, official or unofficial, and may also prevent the student from viewing their GCSU Tranguide.

**Graduation:** A hold on a student’s records may prevent a student from receiving their diploma or conferral of their degree.

**Removing a Hold**

Holds generally require some action on the students’ part to remove. To remove a hold, the student must go to the office responsible for the hold, resolve the issue, and request the hold be removed from their records.
