The mission of Kids’ University is to provide a safe and wholesome environment for kids to come and enjoy their summer. Campers will have daily opportunities to learn and have incredible amounts of FUN through DIVERSE activities. Planned activities for each theme will be age-appropriate, varying in content based on the age of the child.

**WHO WE ARE:** The people who work for Kids’ University are our biggest asset. Their special interest in today’s youth and their enthusiasm are what make Kids’ University a wonderful experience. Licensed teachers, recent graduates, community professionals and university students combine their experience, talents and personalities to make a unique experience each year. All of our counselors have passed a comprehensive background check and are first aid and CPR certified. Certified lifeguards and your child’s counselors are always present during their time at the outdoor Georgia College pool. Campers must be comfortable in the water and able to swim unassisted – with or without the use of floaties.
