

**Dr. Mandy Jarriel** received her Ph.D. from the University of Georgia, her MEd. in Health Education and Promotion and her BS in Athletic Training from Georgia College. She has served in both Program Director and Clinical Education Coordinator roles for the CAATE accredited athletic training program at Georgia College. Dr. Jarriel is active at the professional level where she serves as the southeastern regional education committee chair, on the state athletic training by-laws committee, and has previously lobbied nationally for the profession on Capitol Hill. She has also served as a moderator and presenter at state, district, and national education meetings as well as serves as a CAATE site visitor, and Athletic Training Education Journal reviewer. Her research agenda focuses on the use of standardized patients in athletic training education, interprofessional education in athletic training, and transition to practice issues where she has published in athletic training education journals.
