ABOUT GEORGIA COLLEGE: Georgia College, the state’s designated public liberal arts university, combines the educational experience expected at esteemed private liberal arts colleges with the affordability of public higher education. Its four colleges—arts and sciences, business, education, and health sciences—provide nearly 7,000 undergraduate and graduate students with an exceptional learning environment that extends beyond the classroom. This experience includes hands-on involvement with faculty research, community service, residential learning communities, study abroad, and myriad internships.

Founded in 1889, Georgia College boasts one of the most beautiful campuses in the nation with Corinthian columns fronting red brick buildings and wide-open green spaces. Georgia College also offers graduate education on campus and online.
